Technology Center 2600

Assistant Commissioner for Patents
Washington, District of Columbia 20231

Dear Sir:

In response to the Office Action mailed, please amend the above-referenced application as follows:

In The Claims:

Please amend claims 25 and 36 as follows:

25. (Twice Amended) A method of enabling composition of a facsimile by a user and delivery thereof, utilizing a form printed onto at least one surface, the form including information relating to the user and at least one area for the user to enter a message, the at least one surface having coded data indicative of an identity of the form and of the at least one area, the method including the steps of:

providing the form to the user;

receiving, in a computer system, interaction data from a sensing device used to ~~compose the message~~, the interaction data being indicative of an identity of the form and a position of the sensing device relative to the area, the sensing device, when placed
